Wisconsin Coastal Management Council Meeting Tuesday, September 13, 2022

The Wisconsin Coastal Management Council will meet on Tuesday, September 13, 2022 at 10:00 a.m. at the Lake Superior National Estuarine Research Reserve in Superior, Wisconsin.

The Council will hear reports from Emily Tyner of the University of Wisconsin Green Bay, Brandon Robinson of the Bay Lake Regional Planning Commission, Grant Thomas, Emeritus, of the Corporation Council Door County, Greg Coulthurst of Door County Soil and Water Conservation Department, and Mike Friis of the Wisconsin Coastal Management Program.

The Council provides policy direction for the Wisconsin Coastal Management Program. The Governor appoints members of the Council to represent state agencies, local governments, tribal governments, and the general public.

The Wisconsin Coastal Management Program is dedicated to preserving and improving Wisconsin's Great Lakes resources. The program awards federal funds from the National Oceanic and Atmospheric Administration's Office for Coastal Management and U.S. Department of Commerce, to local, state, and tribal governments, universities and non-profit organizations, for innovative coastal initiatives. The Coastal Management Grant Program supports projects focusing on wetland protection, habitat restoration, nonpoint pollution control, land use planning, Great Lakes education, public access, historic preservation, and land acquisition.
